# Manufacturer Information

For users regarding firmware and hardware updates
(in accordance with the NAMUR 53 recommendation)

1   Type of device

☒   Field device / signal processing device
☐   Monitoring / operating system

Manufacturer	:	Endress+Hauser
Product	:	Universal Data Manager
Part number / Order code	:	RSG35

Communication / Interface	:	Communication	Device Type
		Ethernet/USB/RS485	

2   Firmware, Hardware I

Type of change:

☒   Firmware version
☐   Hardware I revision

Old version / revision	:	1.01.zz
New version / revision	:	2.00.zz

How can the old Firmware version / Hardware I revision number be identified:

Display of current firmware version at device start-up, nameplate, parameter in configuration software, parameter in local set-up

Description of the modification with respect to the old Firmware version / Hardware I revision:

WebDAV function added, Web server extension

3   Compatibility (Firmware, Hardware I)

Is the new Firmware version compatible with the previous version, the installed device drivers, the operating tool compatible / is the new Hardware I revision compatible with the previous revision?

☐   Yes
☒   No, description:

The new firmware requires a new DTM (FDT-Tool) for device configuration

Endress+Hauser

People for Process Automation

Is a Firmware / Hardware I update generally recommended?

☐   Yes, reason:

The firmware update / hardware exchange can be performed by means of:
- Replacement of electronic circuit boards; communication and amplifier module
  (This procedure is described in the operating instructions of the measuring system).
- Flashing the new firmware by means of; service or configuration program

☒   No, reason:

If the additional properties are not required for the operation of the measurement system, then no firmware update is necessary.

4   Instruction manual

Is a new instruction manual required because of the changes in point 2?

☒   Yes
☐   No

Which manual corresponds to the new Firmware version / Hardware I revision:

Device	Communication option	Manual	Documentation code
RSG35	all	Operating instructions	BA01146R/09/EN /03.15

The new instruction manuals can be downloaded from the Internet:
www.endress.com   - area "DOWNLOADS"
                         - enter the device details and type of manual

5   Price

Has the price of the device changed?

☐   Yes, new list price and update costs (without installation) are attached
☒   No
