

Manufacturer Declaration

Endress+Hauser 

People for Process Automation

Company Endress+Hauser Flowtec AG, Kaegenstrasse 7, 4153 Reinach BL, Switzerland
declares as manufacturer, that the following products passed the verification test described below.

Product Liquicap FTZ61

Order code	FTZ61-1009/0
Extended order code	FTZ61-AABAADMDADJ
Material number	71647583

Measuring Conditions

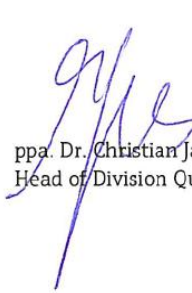

Device condition	New
Capacitance span (ΔC)	10 pF
Base capacitance (C_0)	100 pF
Test capacitance (C_T)	4.7 pF
Output current test tolerance	9.12–13.96 mA

Test Procedure Capacitance span of device under test (DUT) is set to a define **capacitance span** (ΔC). DUT is then presented a fixed **Base capacitance** (C_0) and zero-point adjustment is performed. **Test capacitance** (C_T) is presented. Output current lies in the **Output current test tolerance**

Each device is in conformity passed above mentioned verification.
