

Special Documentation

Pressure Equipment Directive (PED)

Pressure measurement

Associated documentation

All documentation is available on the Internet: www.endress.com/Deviceviewer (enter the serial number from the nameplate).

If not yet available, a translation into EU languages can be ordered.

Confirmation

Endress+Hauser hereby confirms that the devices listed have been assessed and designed in accordance with 2014/68/EU (Pressure Equipment Directive). For details, see the following section.

Assessment and design

Cerabar and Ceraphant with threaded connection

- For the following devices:
 - Cerabar: PMP11, PMP21, PMP51, PMP51B, PMP55, PMP71, PMP71B, PMP75
 - Ceraphant: PTP31B
- Process connection: Threaded connection
- PN: >200 bar (2 900 psi)
- Classification: Category I
- Design: Gases in Fluid Group 1
- Manufactured and tested in accordance with PED 2014/68/EU: Module A

Deltabar with oval flange

- Deltabar: PMD50, PMD55, PMD55B, PMD75, PMD75B
- Process connection: Oval flange
- PN: >200 bar (2 900 psi)
- Classification: Category I
- Design: Gases in Fluid Group 1
- Manufactured and tested in accordance with PED 2014/68/EU: Module A

Cerabar and Deltabar with inline seal

- For the following devices:
 - Cerabar: PMP43, PMP55, PMP75
 - Deltabar: FMD77, FMD78
- Process connection: Inline seal
- DN: > DN25
- Classification: Category II
- Design: Stable gases in Fluid Group 1
- Manufactured and tested in accordance with PED 2014/68/EU: Module A2

- For the following devices:
 - Cerabar: PMP43, PMP55, PMP75
 - Deltabar: FMD77, FMD78
- Process connection: Inline seal
- DN: > DN25
- Classification: Category II
- Design: Liquids in Fluid Group 1
- Manufactured and tested in accordance with PED 2014/68/EU: Module A2

Levelflex

- Levelflex: FMP54
- Process connection: see TI01001F
- PN: >200 bar (2 900 psi)
- Classification: Category I
- Design: Gases in Fluid Group 1
- Manufactured and tested in accordance with PED 2014/68/EU: Module A

Proservo

- Proservo: NMS81
- Process connection: see TI01249G
- PN: up to 25 bar (362.5 psi); Vol > 1 l (0.264 gal)
- Classification: Category I
- Design: Stable gases in Fluid Group 1
- Manufactured and tested in accordance with PED 2014/68/EU: Module A

EU Declaration of Conformity

An EU declaration of conformity can be obtained as follows:

- Enter the serial numbers of the device in the Endress+Hauser DeviceViewer (<https://portal.endress.com/webapp/DeviceViewer>) or
- Go to the Endress+Hauser Downloads page on the Internet (see the following section).

Downloading the EU Declaration of Conformity

<https://www.endress.com/de/download>

1. Select "Declaration"
2. Select "Manufacturer Declaration"
3. Enter the desired product root e.g. PMP51B)
4. Click "Search"

The available downloads are displayed.
