

Manufacturer Information

Concerning software revisions and supported devices

1 General description

Manufacturer	: Endress+Hauser Process Solutions AG
Product	: FieldCare SFE500
Content	: FieldCare Package 1.39.00

2 Software revisions

FieldCare Package 1.39.00 mainly contains:

- **FieldCare 2.17 - New version**
 - **With the new PROFINET CommDTM within FieldCare 2.17 PROFINET and PROFINET APL field devices can be scanned, configured and maintained.**
 - **FieldCare now supports FDI Packages via the iDTM FDI when the FDI Package library is installed from the FieldCare Package. So FieldCare supports the best out of the two modern device integration worlds, FDT and FDI. With the FDI Package Manager new FDI Packages can be added or removed.**
 - **Important security updates protect against possible vulnerabilities**
 - **FieldCare license server improvements**
 - **Bug-Fixes**
- **PROFINET CommDTM 1.00.00**
- **FDI Package library 1.00.00**
with iDTM FDI 3rd party incl. its FDI Package Library and FDI Package Manager
- **Endress+Hauser DTM library 3.00.00 – Supporting more than 30 new and updated device revisions of Endress+Hauser field devices**
- **iDTM HART library V2.0.294 – Supporting new and updated HART devices – meanwhile more than 1800 field devices from different manufacturers**
- **iDTM FOUNDATION Fieldbus library V2.0.294 – Supporting new and updated FF devices – meanwhile more than 790 field devices from different manufacturers**
- **CDI CommDTM V2.09.09 – supporting the newest field devices via CDI service interface**
- **Flow Verification DTM V2.00.02 – Simplified user experience**
- **WirelessHART DTM Library V1.03.14 – Support of new WirelessHART Gateway SWG50**
- **Echo Curve Viewer V5.2.2.6 – for new generation of echo curves e.g. of FMR6xB**

3 Supported devices and changes concerning previous versions
