System products and data managers
Solutions to complete your measuring point
Power supplies & barriers, overvoltage protection

**Process indicator & control units**

**Loop-powered**
- 4 ... 20 mA or HART®
- Versions for level, analysis
- Limit function
- Linearization, integration
- Alternating pump control
- Line fault detection, wire break, short-circuit
- Fieldbus, Fieldbus/PROFIBUS, PROFIBUS PA, FOUNDATION Fieldbus, Modbus, IAPWS-97
- Analog devices: ATEX, FM, CSA, IECEx, EACEx

**Application & energy managers**

**BTU meter for custody transfer**
- Water, glycol, other fluids
- Real-time and event analysis
- Limit function
- Linearization, integration
- Alternating pump control
- Line fault detection, wire break, short-circuit
- Fieldbus, Fieldbus/PROFIBUS, FOUNDATION Fieldbus, Modbus, IAPWS-97
- Analog devices: ATEX, FM, CSA, IECEx

**Connectivity**

**Wireless HART® adapter**
- Fast upgrade of HART® devices
- Wireless HART® technology
- Wireless transmission of 4 ... 20 mA signals
- Ex Zone 1
- ATEX, FM, CSA, IECEx, EACEx

**Tablet PC for device configuration**
- PROFIBUS DP/PROFIBUS PA, FOUNDATION Fieldbus, Modbus protocols
- Connections: Ethernet
- Dimensions: 15 cm (6")

**Tablet PC for FieldXpert**
- WLAN + VANAN plus, 4G/LTE, Ethernet
- Applications: new Ex-Ex

**Data managers & loggers**

**Advanced data manager**
- Front panel, stainless steel, DIN rail
- Batch controller, energy computer
- HART®, PROFIBUS PA, FOUNDATION Fieldbus
- Trouble-subcommission monitoring
- Fieldbus, Modbus protocols
- Display of process values and diagnostics

**Connectivity**

**Ethernet HART® gateway**
- Fast equipment monitoring and configuration
- Integrated web server

**FieldXpert**
- PROFIBUS, HART®, Wireless HART®, FOUNDATION Fieldbus
- Display of process values and diagnostics
- Connections: Ethernet

**Fieldedge**
- PROFIBUS, HART®, wireless HART®, FOUNDATION Fieldbus
- Display of process values and diagnostics
- Connections: Ethernet

**Fieldedge**
- PROFIBUS, HART®, wireless HART®, FOUNDATION Fieldbus
- Display of process values and diagnostics
- Connections: Ethernet

**Fieldedge**
- PROFIBUS, HART®, Wireless HART®, FOUNDATION Fieldbus
- Display of process values and diagnostics
- Connections: Ethernet

**Endress+Hauser IIoT ecosystem**
- API (Application Programming Interface)
- 4G/LTE
- Connectivity to Netilion
