Manufacturer Information

Concerning software revisions and supported devices

1   General description

Manufacturer	: Endress+Hauser Process Solutions AG
Product	: **FieldCare SFE500**
Content	: **FieldCare Package 1.38.00**

2   Software revisions

FieldCare Package 1.38.00 mainly contains:

- **FieldCare 2.16 - New version**
  - **Automatic updating of device DTM, iDTM and CommDTM libraries and interface drivers when Internet connection exists and maintenance period is active/valid. No need to waste time by searching, downloading and installing the device DTMs drivers manually**
  - **Security Updates of Wibu CodeMeter, fdtContainer and log4net components to protect against vulnerabilities**
  - **FieldCare now supports secure communication with TLS 1.2 for the Endress+Hauser W@M portal connection (Attention: TLS 1.0 and TLS 1.1 will be switched off for the W@M portal due to security reasons in the middle of 2022)**
  - **FieldCare is ready for the new upcoming E+H FDI device drivers via E+H iDTM FDI**
  - **The new Siemens Remote IO ET 200SP DP CommDTM supports scanning and configuration of belows HART field devices**
  - **FieldCare license server anywhere on the network/outside VMs allows comfortable use of VMs (VMware virtual machines)**
  - **Bug fixing**

- **DeviceCare 1.07.06 - New version with new components**
  - **Security Hotfix (we highly recommend updating to this version)**
  - **Updated Bluetooth configuration of SmartBlue devices e.g. FTL51B and pressure Evo 2.0 platform update, bug fixes**
  - **TXU10V2 interface now auto connects via CDI protocol with "Play-Button"**

- **Endress+Hauser device driver library 2.49.00**
- **iDTM HART library V2.0.293– Supporting new HART devices**
- **iDTM FOUNDATION Fieldbus library V2.0.293 – Supporting new FF devices**
- CDI CommDTM V2.09.08
- **Flow Verification DTM V2.00.00**
- **IODD Interpreter DTM V3.13.0 – Support of new IO-Link devices**

Manufacturer Information

Concerning software revisions and supported devices

- Flow CommDTM V3.32.00
- Flow Device DTM V3.34.00
- WirelessHART DTM Library V1.03.10 – Support of new Bluetooth-/WirelessHART Adapter FieldPort SWA50
- **Rockwell Automation DTM libraries (Link to needed Rockwell files)**
- **ET 200SP DP GatewayDTM (HART over PROFIBUS DP) V1.00.00**
- **FieldCare Software Portal now with improved user experience** (https://software-products.endress.com)

3 Supported devices and changes concerning previous versions

Please find detailed information here: www.endress.com/SFE500 and the Endress+Hauser Software Portal (https://software-products.endress.com)
