

Brief Operating Instructions Safe unpacking of iTHERM Moduline thermometers

iTHERM Moduline TM101 and TM111

Information regarding unpacking

NOTICE

Damage to property

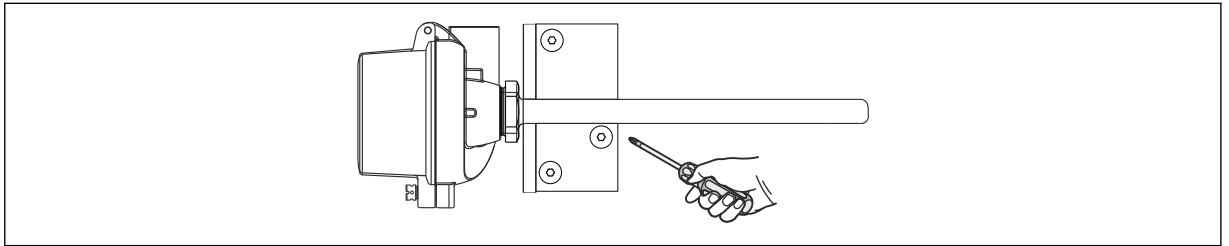

Careless handling can damage the thermometer.

► Handle the thermometer with care and adhere to the following instructions.

1. Open the wooden crate and remove the bubble wrap.
2. Caution! The thermometers are secured in the crate by means of metal brackets.

Loosen the securing screws before removing the thermometers.
