

# Manufacturer Information

For users regarding firmware and hardware updates  
(in accordance with the NAMUR 53 recommendation)

## 1 Type of device

- Field device / signal processing device  
 Monitoring / operating system

Manufacturer : Endress+Hauser  
 Product : Universal Data Manager  
 Part number / Order code : RSG35

Communication / Interface : Communication Device Type  
 CDI, Modbus RTU/TCP

## 2 Firmware, Hardware I

Type of change:

- Firmware version  
 Hardware I revision

Old version / revision : 2.00.zz  
 New version / revision : 2.01.zz

How can the old Firmware version / Hardware I revision number be identified:

Display of current firmware version at device start-up, nameplate, parameter in configuration software, parameter in local set-up

Description of the modification with respect to the old Firmware version / Hardware I revision:

File format for WebDAV configurable; Setup of timeouts for web server, minor bug fixes;  
 Reduction of available online parameters in DTM

## 3 Compatibility (Firmware, Hardware I)

Is the new Firmware version compatible with the previous version, the installed device drivers, the operating tool compatible / is the new Hardware I revision compatible with the previous revision?

- Yes  
 No, description:

The new firmware requires a new DTM (FDT-Tool) for device configuration

Is a Firmware / Hardware I update generally recommended?

Yes, reason:

The firmware update / hardware exchange can be performed by means of:

- Replacement of electronic circuit boards; communication and amplifier module (This procedure is described in the operating instructions of the measuring system).
- Flashing the new firmware by means of; service or configuration program

No, reason:

If the additional properties are not required for the operation of the measurement system, then no firmware update is necessary.

#### 4 Instruction manual

Is a new instruction manual required because of the changes in point 2?

- Yes  
 No

Which manual corresponds to the new Firmware version / Hardware I revision:

Device	Communication option	Manual	Documentation code
RSG35	all	Operating instruction	BA01146R/09/EN /04.16

The new instruction manuals can be downloaded from the Internet:

[www.endress.com](http://www.endress.com)

- area "DOWNLOADS"

- enter the device details and type of manual

#### 5 Price

Has the price of the device changed?

- Yes, new list price and update costs (without installation) are attached  
 No
